BREAKING BARRIERS, BUILDING BRIDGES

THEME

This year's theme "Breaking Barriers, Building Bridges" encapsulates the County's commitment to our values and our core purpose: "enriching communities to thrive" through a racial equity lens.

We aim to break the barriers that get in the way of collaboration, cooperation, and collective power among residents, community-based organizations, businesses, and government. Through transparency and trust-building, we are creating a space for convening, a platform for amplifying voices, and a vehicle for purpose-driven work .

We will continue to build bridges through education, practice, policy, and program delivery, fostering inclusion with intention, equity and opportunity for all.

Foreword from Chief Diversity, Equity, and Inclusion Officer

To be entrusted with a role that serves as a vehicle for purpose-driven work—especially in a time when language, identity, and justice are being reshaped under political and legal scrutiny—is both humbling and deeply affirming. I accept this responsibility with a profound sense of resolve.

As a steward of culture and equity, I am committed to creating the conditions that cultivate belonging. I believe in the power of collaboration—working alongside public servants, community advocates, residents, and businesses—to co-create access and opportunity so that every individual has the chance not just to survive, but to thrive.

My resolve is rooted in a deep knowledge of self, the lessons of our shared history, and an unwavering belief in the inherent dignity and rights of all people. Life, liberty, and the pursuit of happiness are not privileges to be earned based on status, identity, or ideology—they are fundamental rights that must be protected and upheld for everyone.

T.H.R.I.V.E. is more than an acronym. It is a framework for transformation—a way to engage in meaningful dialogue, build trust, and heal. It is a call to action to support, value, and protect one another as we work to empower our most vulnerable communities. Because we are, and always will be, better together.

Wilton Rancheria

About Wilton Rancheria

Wilton Rancheria, the only federally recognized Tribe in Sacramento County, is proud to be California's Capitol Tribe. Our citizens are primarily Miwok and Nisenan people, descendants of the Penutian linguistic family. The ancestors of Wilton Rancheria have occupied the Sacramento Valley since time immemorial. Wilton Rancheria was first established in 1928, which put 38.77 acres of land in to trust in Wilton, California. The Tribe lost its Federal Recognition in 1964 following the passage of the Rancheria Act. After a hard-fought legal battle led by Tribal Elders, the Tribe's federal status was restored on June 8, 2009. In November 2011, the Tribe adopted its modern constitution. Wilton Rancheria's government is divided into four separate branches: a General Council, an Executive branch, a Legislative branch, and a Judicial branch.
